Mistake
Takes Lives
of Eight

By GEORGE ESPER
 Associated Press Writer
 SAIGON (AP) — U.S. helicopter gunships fired into a South Vietnamese column with rockets and machine guns by mistake, killing eight South Vietnamese and wounding 21, the U.S. Command reported today.

A U.S. communique blamed the South Vietnamese, saying the gunships were supporting Vietnamese troops in contact with the enemy and "placed ordinance on targets as directed" by the ground force. The incident occurred on the central coast Thursday about 280 miles northeast of Saigon. The Command said it was being investigated.

Field reports said the gunships made four or five firing passes before they were warned off by ground troops in radio contact with them. The U.S. Command said there were no American advisers with the South Vietnamese battalion.

Initial reports said five of the enemy troops were killed in the ground fighting, while the South Vietnamese suffered no casualties from enemy fire.

It was the fourth firing accident reported in six weeks.

Also on the central coast about 100 miles south of the firing accident, Communist forces ambushed a five-truck U.S. convoy, killed one American and wounded two. The U.S. Command said one truck was badly damaged, but it had no report of enemy losses in the 30-minute engagement.

10 Killed in
Air Crash at
Little Rock

LITTLE ROCK AIR FORCE BASE, Ark. (AP) — An Air Force C130E cargo plane crashed and burst into flames shortly after takeoff from Little Rock Air Force Base about 7 a.m. today, killing 10 of the 11 crewmen aboard.

Maj. William R. Worth, base information officer, said one crewman survived, but was in critical condition and was being flown to an Army hospital in San Antonio, Tex., for treatment of burns.

Names of the victims were not released immediately.

Bodies of the 10 victims were recovered from the wreckage of the four-engine craft. The crewman who survived was thrown clear, Worth said.

Worth said the plane was leaving on a routine training flight and that it had gained some altitude before it crashed to the left of the runway and burst into flames. He said the plane carried 40,000 gallons of fuel.

Tech School
Group Plans
a Dinner

The Phi Beta Lambda Club of Red River Vocational School will serve a Thanksgiving Dinner at the school Wednesday, November 24, from 11:45 to 12:45.

Menu: Chicken and Dressing, English Peas, Corn, Cranberry Sauce, Brown Gravy, Giblet Gravy, Cole Slaw, Cakes, Iced Tea and Coffee, and Pickles.

The public is invited to come out to the school and enjoy a delicious dinner—all you can eat, students, 75 cents; all other guests, \$1.

The money will be used to send students that qualify to the State Convention in Conway in April.

Scott Man
Electrocuted

NORTH LITTLE ROCK (AP) — Robert E. Smith, 21, of nearby Scott was electrocuted Thursday when a mechanical cotton picker he was operating near here came in contact with a power line.

Smith's brother, Tommy, 17, who was riding in the cab of the machine with the victim, escaped injury by jumping from the cab.

Americans Arrested in
\$30 Million Stock Theft

By DAVID LANCASHIRE

Associated Press Writer

LONDON (AP) — Bleary-eyed from a night of questioning, seven Americans appeared in a London court today in connection with the theft of \$30 million worth of stocks and bonds in Chicago.

The court ordered the men held in Brixton prison for another hearing next Friday in Marlborough Street magistrates' court. This is customary in British criminal cases until the police investigation is completed.

The seven Americans, arrested Thursday night in raids on apartments in the swank Mayfair district, were Rudolph Johnson, 48, a film producer living in Cannes, on the French Riviera; Charles Samuel Bufalini, 52, Los Angeles; Terry Somenzi, 29, Highland Park, Ill.; Nicholas Avenetti, 44, North Hollywood, Calif.; James Walker Pettinotti, 39, Marina Del Rey, Calif.; Marion Arthur Denard, 50, London, and Frank

Marco Sardo, 35, another film producer of North Beach, Calif. They were charged with conspiring to dispose of stolen goods.

The prosecution said \$12.5 million worth of bonds and stock certificates were found during the arrests, "the part proceeds of a \$30 million theft."

FBI sources here said the robbery took place at the American Banknote Co. in Chicago in August.

FBI agents said a truck owned by Mark IV Freight Co. of Chicago was hijacked last Aug. 18 while transporting 18,000 blank stock certificates from a printing plant to a transfer agent.

The FBI said the seven men were charged in Los Angeles Thursday with conspiracy to violate laws on the interstate transportation of stolen property laws.

The prosecutor told the London magistrates a search was on in Britain and the United

States for the other \$17.5 million worth of stock certificates.

"These men are believed to be connected with a criminal organization based in Los Angeles," he said.

In accordance with British court procedure, the men were not asked to make formal pleas at the preliminary hearing. But in asking for bail, three of the defendants told Magistrate J.R.T. Hooper: "I am not guilty."

The magistrate ignored the pleas and refused bail. None of the seven men had a lawyer in the tiny, wood-paneled courtroom.

"I never met any of these gentlemen before except one," protested Johnson, who said he had once made a movie with Sardo.

"I asked him to bring me some cigarettes and when I went to get them, we were sitting there talking about old times and I was arrested with the others."

Plans Drug
Treatment
Center

LITTLE ROCK (AP) — Gov. Dale Bumpers revealed Thursday that a state-sponsored drug treatment center would start operations soon at the Benton unit of the State Hospital.

The governor said he hoped the program could begin about Dec. 1 with an initial case load of 30 patients. He said various agencies would contribute to the support of the program.

Most of the patients probably will be referred by the courts, he said, but some may be inmates of the state penitentiary.

Bumpers said the initial program would be a demonstration effort to see what could be done by the state in the drug treatment field.

On another topic, Bumpers said he favored a system instituted in West Virginia by which the state mails food stamps to welfare recipients rather than dispenses them through local offices, the method used in Arkansas. He said that West Virginia Gov. Arch Moore believed his state had saved \$2 million in administrative costs since adopting the mail system.

Bumpers said he had asked Dr. Roger Bost, director of the state Department of Social and Rehabilitative Services, to go to West Virginia to study the program.

Forecast for
Porker Game

DALLAS, Tex. (AP) — Partly cloudy skies and temperatures in the upper 70s and low 80s are forecast for Southwest Conference football game between Arkansas and SMU here, Saturday.

The forecast is also calling for southerly winds at 10 to 20 m.p.h.

Mariner 9
Pictures
Mars Storm

PASADENA, Calif. (AP) — Mariner 9 has sent back pictures of an apparently dying dust storm that has been raging over Mars as the craft streaks toward a Saturday rendezvous with the planet.

Scientists are optimistic they can take closeup photographs of the planet's surface and watch the death of the storm when the satellite goes into orbit around Mars.

Photographs displayed Thursday evening at the Jet Propulsion Laboratory, taken during the preceding 24 hours as Mariner 9 hurtled within 355,000 miles of Mars, showed the planet obscured by the dust.

Scientists had expected this. But they were able in many of the 31 pictures to make out Martian features—the south polar cap, a vast desert region named Hellas, a dark region called Syrtis Major, a dark strip near the south pole called Mare Australe and others.

"These pictures are more encouraging than we had thought previously because we're able to see through the haze and obscuration," said Brad Smith of New Mexico State University, a Mariner scientist.

And Dr. Harold Masursky of the U.S. Geological Survey in Flagstaff, Ariz., said reports from several ground observatories also indicate the dust is beginning to clear.

Scientists interested in mapping Mars and studying geological features have been concerned the dust might interfere. Others have been elated at the prospect of watching the seven-week-old storm, regarded by some experts as the most severe on the planet in 70 years of observations.

Mariner 9 is to fire its engine for a 15-minute burn at 7:17 p.m. EST Saturday when it is 3,100 miles from Mars' surface. This is to brake Mariner's 11,000 mile-per-hour plunge toward the planet and send the spacecraft into an egg-shaped orbit.

From the twice-daily orbit, which is to have a low point within 725 miles of the surface, the two television cameras are expected to make photographs of surface details never seen before. Other instruments are to measure radiation and study the Martian atmosphere.

Hope Students
Rate Well at
Yearbook Meet

At the first Arkansas High School Press Association Yearbook Convention last Saturday, the 1971 Bobcat, Hope High School yearbook, received a Superior certificate of award in five of seven possible categories.

The book has previously been awarded an "A" by the National Scholastic Yearbook Association, Memphis. Printing was by the Hurley Company, Camden.

The Superior rating was for general excellence, typography, editorial content, development of theme and cover. The book rated Excellent in photography and layout.

Books were submitted for out-of-state judging and were classified according to the school's enrollment.

Pam Gilbey, 1971 Bobcat editor-in-chief, and Jerry Pruden, assistant editor, attended the convention. Other members of the 1971 staff include Pat Huckabee, Sarah Schenck, Susan Stevens, Scott Wood, Rhonda Moses, Eurdell Smith, Marilyn Dodson, Polly King, Nancy Porter, Katy Watson, Lonnie Ragland, and H.L. McKinney.

Susan Reardon, Barbara Jackson, and Debra Robinson of the 1972 Bobcat staff were also delegates to the meeting at Parkview High School, Little Rock. They were accompanied by Mrs. Mary Nell Turner, publications adviser.

Price Guidelines Fixed
to Keep All Increases
at 2.5% Level or Less

Questions, Answers

By BROOKS JACKSON
Associated Press Writer

WASHINGTON (AP) — How will the Price Commission's rules affect the average workingman or small businessman? Here are some questions and answers based on Thursday's policy statement:

Q: How much can prices go up after this weekend?

A: On the average, the government hopes to keep increases to no more than 2.5 per cent a year. But some may be more, some less, and some prices may even be rolled back. About one-fifth of the things the average man buys are not controlled at all.

Q: How can I tell if I am being overcharged?

A: Before merchants may raise any prices above freeze levels they must post, where you can see them, the legal price ceilings that prevailed during the freeze. This applies to all food items and to a selected list of merchandise yet to be announced. The government hopes you will watch for illegal price increases, because there will be no big bureau-

cracy to enforce the guidelines.

Q: Fine. But how much of an increase is allowed?

A: Manufacturers, wholesalers, retailers, service industries and professionals may increase their prices to match any increase in costs that comes after the freeze period is over at 12:01 a.m. Sunday, provided legal regulations covering them are published by then. If their productivity increases, say because of some new and more efficient machinery, they must reduce the amount of the price increase, or even roll back prices. Furthermore, these price increases may not bring about increased profit rates, that is, increases in the portion of each sales dollar that goes into the businessman's pocket. His total profits may go up, however, if his total sales go up.

Q: As a small businessman, must I show my books to my customers to justify price increases?

A: No. The Price Commission says it encourages you to open your books, but won't require it.

Cost of Welfare
Declines in July

WASHINGTON (AP) — The nation's welfare rolls shrank in July for the third straight month as states continued to fight skyrocketing costs, the government said today.

The Department of Health, Education and Welfare said most of the decline came in Aid to Families with Dependent Children—AFDC—which represents about 70 per cent of the annual \$16.3-billion welfare bill.

"Several factors appear to be contributing to the apparent leveling off of the welfare case-loads, the most notable being the recent efforts of states to cut back on payments and recipients because of the extraordinary cost rise in the past year," said John D. Twine, administrator of HEW's Social and Rehabilitation Service. Most of the July decrease can be explained by the 108,000 AFDC recipients dropped in New Jersey, he said.

Twenty states and jurisdictions have cut back on AFDC in recent months while 34 others

have reported increases.

Another 11,000 old-age recipients were dropped in 39 states in July to reflect higher Social Security payments first payable in June, Twine said. The July relief rolls totaled 14.2 million persons, about 84,000 fewer than the previous month.

The number of AFDC recipients, which had been rising at a rate of about 2 per cent a month, went up only six-tenths of 1 per cent in April and then fell two-tenths of 1 per cent in May and June and seven-tenths of 1 per cent in July.

The July welfare bill was \$1.5 billion, a \$9 million increase which Twine attributed to court-ordered payment adjustments in New York.

After the May-June drop was first reported, Twine acknowledged the slower drain on state treasuries had reduced the momentum, at least temporarily, for President Nixon's welfare-reform proposal, stalled in the Senate Finance Committee.

All Around Town

Mrs. A.A. Smith returned to Texarkana Friday to be with her daughter, Virginia, who is a patient in St. Michael Hospital, following a car-truck collision in Texarkana November 1.

Trailways Bus Station announced Friday that five buses have been chartered by Hope fans for the Arkansas-SMU game Saturday at Dallas. It will be regionally televised. The buses will leave here at 7 a.m. and return directly after the game. Hope Band Parents Association is taking two of them. Those planning to go with this group are asked to meet at the band building, Cannon Hall, at 7 a.m. Saturday. Three former Hope High School Band members now play with the University of Arkansas Band, they are Ken Trout, Don Williams and Doug Byrd.

O.A. members of Troop 91 will leave the Scout Hut at 5:45 p.m. Friday for Camp Preston Hunt. There will be no Saturday campout for Troop 91, according to Scoutmaster Olen Overturf.

Two Hope High Seniors, Ben Downs and Steve Routon, have been invited to the University of Arkansas for Scholars Day, November 15. The invitation is extended to seniors who have

received Letters of Commendation for their scores on the National Merit Scholarship Corporation's qualifying test. Ben, son of Mr. and Mrs. Earl Downs, plans to major in engineering. At Hope High he is co-editor of the school yearbook, member of Beta Club, National Honor Society, Mu Alpha Theta, Quill and Scroll and is an announcer of KKAR.

Steve, the son of Mr. and Mrs. W.R. (Bill) Routon, is editor-in-chief of Hope Hi-Lights, school newspaper, president of the Spanish Club, member of Beta Club, National Honor Society, Mu Alpha Theta, Quill and Scroll and he plans to study pre-law.

Hope Band Parents have chartered two buses to send the Hope Band to Dallas to see the Arkansas-S.M.U. game. They will leave at 7 a.m. Saturday from the Band Building.

Outstanding accomplishments by individuals and organizations in the field of conservation and environmental protection will be honored Friday night by the Arkansas and National Wildlife Federation and the Sears-Roebuck Foundation at the recognition banquet at 7:30 at the Sheraton-Little Rock Motor Inn. Monroe Samuel of Hope will receive an award as forest conservationist.

All of Hikes
Have to Be
JustifiedBy BROOKS JACKSON
Associated Press Writer

WASHINGTON (AP) — The President's Price Commission says frozen prices will be thawed just enough after Saturday to make up for new increases in business costs.

That is the core of a complex cluster of price guidelines announced Thursday and aimed at keeping the average of all post-freeze price increases down to 2.5 per cent or less.

Meanwhile, the Pay Board completed work Thursday night on regulations to implement pay policies after the freeze ends at 12:01 a.m. Sunday. The regulations, built around a general 5.5-per-cent ceiling on pay increases, will be published in the Federal Register Saturday. The Price Commission also announced:

—Rents will remain frozen for the time being on existing homes and apartments.

—Retailers must display conspicuous lists of freeze-level prices of food and some other items where customers can compare them with new prices.

—Profit margins may not increase after the freeze.

—Prices will be discounted for any increases in worker productivity.

—Scheduled increases in utility rates may, in many cases, go into effect when the freeze ends at 12:01 a.m. Sunday.

However, earlier scheduled increases in steel and auto prices probably will have to be junked unless they can be justified to the commission. Ford Motor Co. Chairman Henry Ford II said Thursday he will seek permission for appropriate price increases after studying the new guides.

The commission's policy statement does not mean that all prices will increase by 2.5 per cent. "This means that some prices will go down. Some will not increase at all. Some will go up more than 2.5 per cent," said Commission Chairman C. Jackson Grayson.

The aim is to get the average of all price increases to that level, he said. If that doesn't happen, some changes will be made.

The same basic rule was laid down for manufacturers, retailers, wholesalers, service industries and professionals: The only price increases to be allowed are those that can be justified by cost increases or decreases in productivity, and which do not increase the profit portion of the pre-tax sales dollar.

Laser Beam
Music to
Be Shown

Music fired across the room on a tiny red laser beam will be just one of the future phone services displayed when Southwestern Bell Science Demonstrator Curt Johnson presents his program to Hope Lions Club, Monday, November 15, at the Town & Country Restaurant.

Entitled "Innovation in Three Acts," Johnson's program will feature a multitude of communications innovations from Bell Telephone Laboratories and Southwestern Bell.

In addition to the laser, Johnson will demonstrate a working television system and a lens made of gas, one of the latest developments from scientists at the Bell Labs.

He will also demonstrate space satellite communications and a miniature microwave radio relay system.

The program is being arranged by Jack Caldwell.

Woman Is Shot
Accidentally

Debra Watson, Negro female, was shot in the leg Thursday at her home two miles north of McNab. Deputy Sheriff Howard Milam said her husband, Benny Watson, was trying to shoot a dog and the bullet accidentally hit the woman. She was treated at a local hospital. The wound is not considered critical. No charges were filed.

Thinks Arkansas Will Edge SMU in TV Game

By HARRY KING
Associated Press Writer
LITTLE ROCK (AP) — SMU has played six straight barn-burners in front of the television cameras. Don't expect anything less Saturday when the Mustangs meet Arkansas in a regional telecast.

SMU has won four in its last six appearances on the tube by 18-17, 6-3, 28-27 and 20-17. The Mustangs' two losses were 27-24 and 26-22.

Neither Arkansas nor SMU has won since Oct. 23. SMU was 2-0 in the Southwest Conference until losing a 22-18 decision to Texas on a disputed touchdown. SMU Coach Hayden Fry says the Mustangs had not recovered from the loss to the Longhorns when they were whipped by Texas A&M 27-10 last week.

Arkansas was 3-0 in conference play after deciding Texas Oct. 16. The Razorbacks whipped North Texas State and then were upset by A&M 17-9. Last week, Arkansas tied Rice 24-24 on Bill McClard's last-second field goal.

Both SMU and Arkansas are

still in the SWC race, but both need help from outside sources. One of the league leaders will drop back into the pack Saturday when TCU (3-1) plays Texas (4-1).

SMU, known for its passing during Chuck Hixon's era, has become more ground-oriented this year. SMU quarterback Gary Hammond has thrown only 102 times in eight games. Hammond, an all-conference receiver as a sophomore and an all-conference running back last year, has rushed for more than 200 yards this season. Tailback Alvin Maxson is second in the conference in rushing with 693 yards on 159 carries.

Arkansas, on the other hand, has been unable to get its running game going the past two weeks. As a result, Joe Ferguson passed for a total of more than 600 yards against A&M and Rice but did not throw a scoring pass.

The Razorbacks may do better on the ground this week because of the return of tailback Jon Richardson and the decision to move Mike Saint to fullback.

ARKANSAS 21, SMU 17. Arkansas State University's Indians all but eliminated themselves from the Southland Conference race with a 10-10 tie with Southwestern Louisiana.

Now, the Indians will have to play on pride and their last three opponents are on the road. ASU 14, ARLINGTON 10.

Arkansas Tech, the top-ranked team in the NAIA, responded to the challenge offered by Southern State last week with a sound thrashing of the Muleriders. A victory over Harding this week would give the Wonder Boys a perfect AIC record.

ARK. TECH 31, HARDING 14. Last week's percentage was .500, dropping the season's percentage to .826.

Here are other predictions involving Arkansas college teams: Arkansas AM&N 27, Bishop College 14. UA-Monticello 13, Texas Lutheran 7. Ouachita 20, Southern State 17.

State College of Arkansas 14, Henderson 13.

Cornhuskers, Nicklaus Hot But Sooners Head for Showdown

By THE ASSOCIATED PRESS
Unbeaten Nebraska is headed for a Thanksgiving Day showdown with Oklahoma and even the revamped passing attack of Kansas State will be hard pressed to halt the momentum of the rampaging Cornhuskers.

Top-ranked Nebraska, 9-0, unbeaten in 28 starts, Saturday battles Kansas State, a team that has displayed tremendous improvement since switching to a pro-type aerial attack engineered by junior quarterback Dennis Morrison.

Morrison posted a humiliating performance in his first three games and connected only 16 times in 47 tosses for 177 yards.

Kansas State Coach Vince Gibson then shifted to the pro offense with two wide receivers and dropback passing. Morrison has since fired 67 completions on 124 passes for 864 yards and two victories in the last two contests.

"Morrison is a leader now," appraised Gibson. "He's confident, he's got poise and he can scramble. There's no telling how good he's going to be."

Morrison will be throwing against Nebraska's fearsome pass rush and rigid defensive secondary, which has surrendered only 92.6 yards passing per game.

Nebraska quarterback Jerry Tagge will be firing against a Wildcat defense which has been socked for more points than any other team in the Big Eight.

Cornhusker flanker Johnny Rodgers leads the conference in receptions and leads the league in punt and kickoff returns.

No. 2-ranked Oklahoma will host the Kansas Jayhawks in a nationally televised game, and Sooners Coach Chuck Fairbanks says his team is not taking Kansas lightly.

"I think this game means so much to the squad that they are not looking beyond it. If we don't play our best, Kansas is a good enough football team to beat us."

Third-ranked Michigan can be virtually assured of a Rose Bowl bid by downing Purdue.

Tailback Wilbur Jackson will substitute for injured Johnny Musso when Alabama's Crimson Tide plays Miami.

"We are alert and we are getting quicker and we had the best quarterback execution we've had in a long time," said Alabama Coach Paul "Bear" Bryant. Alabama is 9-0.

Auburn, No. 5 hosts seventh-ranked Georgia and No. 6-ranked Penn State battles North Carolina State. Notre Dame, No. 8, hosts Tulane and 10th-ranked Arizona State plays Washington.

Monroe Has Landed With the Knicks

By KEN RAPPOPORT
Associated Press Sports Writer
NEW YORK (AP) — Earl Monroe's magical name was barked over the loud speaker system, signaling an avalanche of ear-splitting cheers at Madison Square Garden.

About a half-hour later, the flashy guard scored his first points in a New York Knicks uniform.

"It sure was strange playing with the Knicks after playing against them all these years," said Monroe, who was acquired only before Thursday night's National Basketball Association game with the Golden State Warriors.

Playing in an unaccustomed reserve role, the newest of the Knicks scored only nine points in a 112-103 losing effort to the Warriors.

Monroe didn't think he played to his capacity—more precisely, that of a \$100,000-a-year ballplayer.

"I'm not very happy with the way I played," said Monroe, who was acquired Thursday morning from the Baltimore Bullets for Dave Stallworth, Mike Riordan and an undisclosed amount of cash.

Monroe, who had been having contract troubles with the Baltimore management, last played a game Oct. 19 before being suspended by the Bullets. The inactivity—and a sore left ankle—claimed the Pearl well under his lifetime scoring average of 25 points a game.

But he promises things will get better.

"It's going to be good," he said after the game. "Man for man, the Knicks have the best starting five in the NBA. And just being an addition makes me feel good."

Monroe, who confessed that he almost signed with Indiana of the American Basketball Association, appreciated his welcome by 19,588 New York fans, most of whom stood and applauded for almost three minutes when his name was announced.

"I was elated," said the soft-spoken, unemotional Monroe. "I never got an ovation like that in Baltimore—or anywhere else—for that matter."

Monroe, considered one of the NBA's most explosive scorers, got into the game with two minutes left in the first quarter. He touched the ball for the first time a minute later and it took another quarter of play before he drilled in a layup for his first basket.

It brought the house down. In other NBA action Thursday night, the Seattle SuperSonics beat the Cleveland Cavaliers 110-91.

In the American Basketball Association, the Utah Stars topped the Denver Rockets 112-106 and the Carolina Cougars defeated the Pittsburgh Condors 127-109.

Jeff Mullins fueled a Golden State attack by pouring in 31 points to lead all scorers as the Warriors surged ahead before the half and extinguished a short-lived New York rally in the third period to seal the triumph.

Mullins scored the go-ahead bucket that helped the Warriors to a 65-57 halftime lead but the Knicks, sparked by Dick Barnett's hot hand, narrowed it to 83-81 in the third.

Nat Thurmond hooped 17 points in the fourth stanza as the Warriors pulled away. Walt Frazier led the Knicks with 30 points.

Jim McDaniels scored 39 points as the Cougars surged to an 11-point advantage at the end of the first quarter and fought off a Pittsburgh rally for the victory. The Condors trimmed the Carolina lead to 61-60 at halftime but the Cougars pulled ahead 96-83 at the end of three quarters.

Pittsburgh's Larry Miller supported McDaniels' effort with 28 points.

Willie Wise paced the Stars with 34 and 12 rebounds, although Ralph Sampson added 38 points for Denver to earn game scoring honors.

THE BENCH of Marshall University's football team shows its enthusiasm during a game early this season. The team, made up almost exclusively of freshmen and sophomores, has struggled through its first season since the team plane crashed last Nov. 14, killing 34 varsity players and 41 other people.

Chicago Is Picked Over Washington

By MIKE RATHET
Associated Press Sports Writer

NEW YORK (AP) — The Chicago Mob will do so in Washington's Over-The-Hill-Gang Sunday while the Buffalo Bills, who have been firing blanks for eight games, will steal one from the New England Patriots.

Those predictions are among those brought to you by a guy who had a 5-6-2 record last week. So consider the source.

The feeling is that the tough Bears will manhandle George Allen's aging Redskin troops, who were tied by Philadelphia last week, and that the Bills have to win one somewhere, and so why not against the Patriots.

Anyway, here's the whole picture:

Chicago 21, Washington 17—Redskins still without wide receiver Charley Taylor and tight end Jerry Smith. Nothing would please the Bears more than to add a blow to former assistant coach George Allen, who has Washington out front in NFC East.

Detroit 31, Los Angeles 21—The Lions have the edge offensively, the Rams defensively. But Los Angeles will be trying to wind things up again after losing to Baltimore Monday night in a heartbreaker.

Kansas City 28, Cleveland 14—The Chiefs will be looking to bounce back after last week's upset by the New York Jets and will tee off against sophomore Browns' quarterback Mike Phipps.

Miami 34, Pittsburgh 21—The Dolphins probably will have to go without running back Jim Kiick but the Steelers will have quarterback Terry Bradshaw on the sidelines with a badly sprained ankle.

Buffalo 17, New England 14—Strictly a hunch. But everyone wins some time. And, even with the loss, the Bills still could retain the lead in the race for the No. 1 draft choice.

Baltimore 21, New York Jets 10—The Colts still aren't allowing anyone points and scoring just enough to keep winning. The Jets will be looking for another upset but Baltimore has been overfrowned.

Oakland 27, Houston 14—The Raiders have struggled at times this season but the Oilers should help that situation. Houston may go with rookie Lynn Dickey at quarterback.

Minnesota 21, Green Bay 10—This could be a tussle with the Packers seeming to improve every week. But the Vikings are just as stingy as the Colts in giving up points.

San Francisco 24, New Orleans 17—The 49ers may be due for something of a letdown after beating Minnesota last week and the Saints have proved they can surprise. But not this week.

Arkansas Frosh Team Tramples Tulsa 42-0

FAYETTEVILLE, Ark. (AP) — Quarterback Mark Miller had a hand in three touchdowns as the Arkansas Shoats whipped Tulsa 42-0 in freshman football here Thursday.

Miller threw touchdown passes of 15 and nine yards to end Matt Morrison and broke on a 40-yard run for another score. Fullback Marsh White scored once on a one-yard run for the first TD. Hall Hirschfield got a TD from the one, also.

The Arkansas, scoring ended with quarterback John Booty throwing a 28-yard TD pass to end Jim Woodruff.

Gene Eberle kicked all six extra points. The game, last of the year for Arkansas, gave the Shoats a 3-1-1 record.

Richardson to Start in Game Against SMU

FAYETTEVILLE, Ark. (AP) — Arkansas offensive Coach Don Breaux said Thursday that tailback Jon Richardson would start in Saturday's regionally televised game with SMU.

The SMU game will be Richardson's first starting assignment since he fractured a leg bone during the Tulsa game.

Breaux said the Razorbacks worked out for about an hour in shorts Thursday. He described the practice session as being "snappy."

He said junior Mike Saint would start at fullback Saturday after being moved from the tailback spot. Fullback John Jenkins will not play Saturday, Breaux said. He said Jenkins was suffering from a bruised thigh.

still in the SWC race, but both need help from outside sources. One of the league leaders will drop back into the pack Saturday when TCU (3-1) plays Texas (4-1).

SMU, known for its passing during Chuck Hixon's era, has become more ground-oriented this year. SMU quarterback Gary Hammond has thrown only 102 times in eight games. Hammond, an all-conference receiver as a sophomore and an all-conference running back last year, has rushed for more than 200 yards this season. Tailback Alvin Maxson is second in the conference in rushing with 693 yards on 159 carries.

Arkansas, on the other hand, has been unable to get its running game going the past two weeks. As a result, Joe Ferguson passed for a total of more than 600 yards against A&M and Rice but did not throw a scoring pass.

The Razorbacks may do better on the ground this week because of the return of tailback Jon Richardson and the decision to move Mike Saint to fullback.

ARKANSAS 21, SMU 17. Arkansas State University's Indians all but eliminated themselves from the Southland Conference race with a 10-10 tie with Southwestern Louisiana.

Now, the Indians will have to play on pride and their last three opponents are on the road. ASU 14, ARLINGTON 10.

Arkansas Tech, the top-ranked team in the NAIA, responded to the challenge offered by Southern State last week with a sound thrashing of the Muleriders. A victory over Harding this week would give the Wonder Boys a perfect AIC record.

Unitas Fully Recovered and Ready to Play

By GORDON BEARD
Associated Press Sports Writer
BALTIMORE (AP) — John Unitas, voted the greatest quarterback in the history of professional football, doesn't like his role as Baltimore's backup signal caller.

Unitas wants to play. He's ready to play. But he refuses to criticize Coach Don McCafferty's decision to stick with Earl Morrall as the Colts' starter.

"I'll go along with what they want to do, even though I don't like it," Unitas said today. "I'm not going to cause any trouble. It's hard enough to play the game without creating problems."

"Earl is doing a fine job. I don't see how Mac can change quarterbacks in midstream. The only thing that matters is that we continue to win." Unitas denied published reports that there was friction between himself and McCafferty, contending the press had misinterpreted some of his comments.

"When someone asks me if I want to play, of course I'm going to say I do," Unitas said. "If they ask me why I don't, I tell them to ask the coach. I just mean it's his decision."

"I've never told Mac I wanted to play. He knows that. Anyway, if there were a problem between us, it would be up to him to come to me, not for me to go to him."

McCafferty supported Unitas' contention that they have had no problems and added: "The reporters are trying to read something into everything John says. If they kept asking me the same questions every week, I'd get pretty upset."

"I haven't been saying too much lately," Unitas said. "No matter what I say, I come out as the loser."

Unitas made a remarkable recovery from surgery to repair a torn right Achilles tendon suffered while playing a game of paddle ball last April.

Many thought the injury would end the career of the 38-year-old quarterback. If he came back at all, the most optimistic figured, it would be several weeks into the 1971 season.

But Unitas, whose dogged determination and dedication is from the same era as his high-top playing shoes, fooled even the medical experts. After working endless hours in the solitude and drudgery of therapy, he was ready to play the final two preseason games.

"But they apparently were in a situation where they thought it was more important to work with a young quarterback in those games," Unitas said. "I didn't see a minute of action. In fact, I wasn't even on the roster until the season opened."

The failure to play in the exhibitions helped decide McCafferty's course of action for the regular season.

"When the season starts," Unitas said, "all games are crucial. You just don't send a player in and tell him to get in condition at that point."

As a result, Unitas has been used mainly in games when the

Colts had commanding leads. However, in their only two losses—against Cleveland and Minnesota—he was sent into the breach in an attempt to snatch victory from the jaws of defeat. "I'm no miracle worker," said Unitas—who in the past has seemed to be just that. "I can't go into a game with two minutes to go, and be expected to pull it out."

"And I'm not a run-the-clock-out quarterback, either. If and when I get in there, I want to throw the ball and do what I think is best. That's the way I came in, and I may as well go out the same way."

Unitas admits that in several games, where he has played possession ball and ran some plays "the coaches wanted to see," he must have looked like a mop-up quarterback.

"I'd try to tie up the clock in that situation if I were playing full time," he said, "but if that's all you see me do, you're not seeing me."

While playing portions of seven games, never more than a half, Unitas has completed 22 of 50 passes for 188 yards and four touchdowns.

He has no touchdown passes to add to his all-time record of 280. "All I can do," he said, "is be ready to play, and be patient. I do everything in practice. I haven't lost my quickness in setting up, and I throw the ball as good as always."

Unitas has a three-year contract at \$125,000 annually which expires after the 1972 season, and has been promised a job with the Colts' organization for 10 years after his playing days are over.

"I'll honor my contract next season," he said, "then I'll take a look at the whole picture and decide what to do after that."

Despite his relative inactivity, Unitas doesn't regret the long hours of therapy in rushing to prepare for the season.

"I had to do it," he said, "just to learn how to walk again. I would have pursued it anyway, although maybe not as hard. But I'm a football player, and I wanted to play."

REDWOOD CITY, Calif. (AP) — The San Francisco 49ers came out of their defensive battle against Minnesota in relatively good physical shape but the playing status of strong safety Mel Phillips is uncertain, Coach Dick Nolan said Monday. Phillips reinjured his right ankle and may not play Sunday against New Orleans in San Francisco.

KNOXVILLE, Tenn. (AP) — Lloyd Richardson, a 6-foot-7 forward from Rogersville, Tenn., was elected by his teammates as captain of the 1971-72 University of Tennessee basketball squad Monday.

LOS ANGELES (AP) — Fullback Sam Cunningham, who leads the Southern California Trojans in rushing, faced surgery today on torn knee ligaments suffered in last Saturday's Washington State game.

A USC spokesman said Monday that doctors had determined the operation was needed, and Cunningham, a junior, will play no more football this season.

NHL Stars Match Past Goal Totals

By THE ASSOCIATED PRESS

Jean Polvin and Simon Nolet have matched their National Hockey League goal total for last year but Phil Esposito still has a while to go.

Potvin, a rookie defenseman for the Los Angeles Kings, scored his first goal of the season Thursday night and it turned out to be a winner in a 4-2 decision over Buffalo.

Nolet, who had only nine goals all of last year for Philadelphia, notched his ninth in the Flyers' 14th game and it helped beat Vancouver 4-3.

Esposito, who set an NHL record with 76 goals and 76 assists last year, fired a pair of goals giving him 11 for the season as Boston belted California 5-2.

Potvin dashed out of the penalty box midway through the third period against the Sabres and cruised in for his goal just nine seconds later. He had one goal for the Kings in a four-game trial last year.

Eddie Joyal and Gilles Marotte had the first two L.A. goals and Cowboy Flett hit an empty net in the final moments as the Kings snapped a seven-game losing streak. Kevin O'Shea scored both goals for Buffalo.

The Flyers needed a late comeback to beat Vancouver, Andre Boudrias' goal with less than 10 minutes remaining gave the Canucks a 3-2 edge.

But Philadelphia tied it again one minute later on a goal by defenseman Brent Hughes and then Nolet whipped home the winner.

The victory moved the Flyers into a fourth place tie with California in the NHL West. The Seals ran into Esposito and the Bruins.

Boston packed five goals in the second and third periods to beat California. Esposito and Garnet Bailey had two apiece as the Bruins gained revenge on rookie goalie Gilles Meloche, who shut them out in Boston two weeks ago.

LEGAL NOTICE

PROCLAMATION

The undersigned, Mayor of the City of Hope, Hempstead County, Arkansas, HEREBY PROCLAIMS that at the election held on the 9th day of November, 1971, to determine whether the City of Hope should issue industrial revenue bonds not to exceed \$3,600,000.00 for the purpose of securing and developing industry within or near the City of Hope, Arkansas, to be secured by a mortgage on the lands acquired, the buildings constructed thereon, and the industrial machinery and equipment installed therein, from the proceeds of the said industrial revenue bonds and a pledge of the revenues therefrom, to bear interest at such rate or rates as the Board of Directors may determine, payable semiannually, there were cast in favor of the bond issue the votes of the qualified electors of said City to the number of 1,450, and that opposing the same there were cast only the votes of 21 electors; and that IT IS, THEREFORE, proclaimed that at said election the issuing of said bonds is duly authorized. All persons wishing to contest the issue of said bonds are hereby warned that unless attacked in the courts within thirty (30) days after the date of the proclamation, this Proclamation will be conclusive. GIVEN under my hand as Mayor of the City of Hope, Arkansas on this 10th day of November, 1971.

One-Room School Step Upward for Islanders

By ED ROWLAND
Associated Press Writer
OCRACOKE, N.C. (AP) — Residents of isolated Ocracoke Island see their new one-room school as a step into modern education, not a step backwards to it.

All of the island's 68 school-age youngsters attend grades one through 12 in the new \$100,000 juniper wood structure. The building has a central, common-use room and alcoves on four sides.

The faculty of five, including principal John R. Tucker, thinks its ungraded concept is an indication of progress. Visitors, Tucker says, see confusion, "but there is a pattern of formality. It's taken the first few weeks to get accustomed to it."

Until last spring Ocracoke youngsters went to a five-room, frame school. There was one teacher for each three grades.

Now the 27 pupils in the first seven grades are in one area with two teachers, while the older youths are taught in two groups by three teachers.

Ocracoke's isolation has always limited the education of island youngsters. The sandy strip of land lies 75 miles off the North Carolina coast, across Pamlico Sound from the Hyde County seat of Swan Quarter.

The 540 persons who live on the four-mile-long island can reach the mainland only by ferry.

Scott Coble, Hyde County schools superintendent, said one parent told him his 9-year-old son had to be almost driven to school before the new building was erected, but this year he can't keep him away.

"In this situation it's the only way to go. Ocracoke is being brought up to date, really," Coble said.

"One large room in the center is the library. Around it are the classrooms. Students are free to move from the general room to the others to study, use audiovisual aids and the like," Tucker said.

He gave this explanation of study for pupils above the elementary grades:

A pupil selects the courses he is interested in, then selects material to be used from the school's collections.

The pupil and his teacher go over the program, make any adjustments necessary to comply with state rules, then list objectives to be reached within an agreed time limit.

"He and the teacher review the work at times to keep it on the track. If the objectives are accomplished within the period or ahead of time, the pupils are entitled to free time to read on related subjects," the principal said.

Tucker said there is much more guidance in the elementary grades.

Box 231 — Fort Worth, Texas

After that great flood, God made a covenant with Noah saying He would never destroy all life upon the earth again. He sealed that covenant with His Son and gave us the rainbow as a reminder.

We all know the colors of the rainbow, each so distinct and yet a part of the others. Smoothly and effortlessly they blend together forming one spectacular sight. One for all and all for one, so to speak.

God has another rainbow, the rainbow of mankind. And again the colors are familiar, and they are the colors of all the different races. But, unfortunately, in this rainbow, the colors don't always blend.

Each hue seems more concerned with emphasizing its own individual virtues than with creating a beautiful harmonious whole.

Remembering the covenant and the deep meaning of the first rainbow, shouldn't we, as true Christians, ask God for the opportunity to truly unite the colors in the rainbow of man? Let us make our covenant with God to see that all the colors harmonize.

Murder Case About Ready for Jury

FAYETTEVILLE, Ark. (AP) — The first-degree murder trial of Daniel L. Graham, 31, of near Springdale was expected to go to the jury late this morning in Circuit Court here.

Both the prosecution and the defense rested Thursday and closing arguments were to begin at 9:30 a.m. today. Graham did not take the stand during the two days of testimony.

He is charged with the murder of Gene A. Francos, 22, who was killed after he and two other employees of a Safeway store at Springdale were abducted the night of June 18. Kenneth M. Ames, 18, also was killed and a third employee, Michael E. Hawkins, 19, survived head wounds. The state is seeking the death penalty.

Hawkins testified Thursday that Graham was the man who robbed the store and forced the three to accompany him to a secluded spot near Springdale where the shooting allegedly occurred.

When asked if he was sure Graham was the man, Hawkins replied: "Yes sir, I'll never forget him."

Hawkins said the three had closed the store and were leaving about 10:15 p.m. when a man came around the corner of the building, pulled a pistol from under his shirt and said, "Gene, I want to go back in. Don't think for one damn minute that I won't drop one of you. Don't give me any trouble. I want some money."

Hawkins said the three were forced to go back inside the store and he and Ames were told to lie on the floor while Franco opened two safes and put the money into a paper sack that the robber had brought with him.

He said after Franco emptied both safes, they all left and went to the rear of the store where the man had parked his car. He said the three were forced to accompany the man to a rural road about nine miles east of Springdale.

"The man stopped the car," Hawkins said, "and made us all get out and lie face down in some tall grass. We laid there for a second and I looked up and saw him pointing a gun at us. I turned my head real fast and then heard a shot. Then I felt it. Then I heard another and another."

Hawkins said he remained face down until he heard the man leave and then he walked to a nearby house and awakened a man who called police.

Road Funds Are Needed

HOT SPRINGS, Ark. (AP) — John W. Harsh, chairman of the state Highway Commission, proposed Wednesday that either a bond issue or a 2 cent per gallon increase in the state gasoline tax be enacted to provide additional revenues for better highways.

Harsh said it was inevitable that a very significant amount of highway improvement depended upon the development of additional resources.

Tech School Speaker

James Morrow of Lewis McLarty, Inc., in connection with a unit in Office Practice II on "Appropriate Office Fashions," demonstrated to the Business Education Department of the Red River Vocational Technical School the importance of style in fashions today.

Mr. Morrow talked about the selection of clothes for different occasions. The students were impressed by the different ways that one ensemble can be changed with accessories such as jewelry, scarves, belts, shoes, and handbags.

Miss Judy Ivers, a student at Hope High School, modeled a beautiful four-piece ensemble which could be worn for different occasions.

In This Age Nobody Wants to Stay Home, They Want to Travel

By HAL BOYLE

NEW YORK (AP) — Nobody wants to stay home anymore. Everybody wants to be somewhere else.

Somewhere a ship is setting off for beckoning fabled lands. Even now a jet plane is soaring to some far place most of us will never see.

The airline ads stir in us a vast discontent with where we are and what we are doing.

I look out a dirt-streaked window at cloudy Manhattan and dream of Tripoli. Yes, if I had my druthers, I'd rather not be here right now. It is the land away that calls. I'd rather be—

Counting bikinis on the Riviera. Banging away at grouse in Scotland.

Tilting up a pot of poteen in Galway. Greeting a dawn in London.

Taking the elevator up the Eiffel Tower in Paris. Remembering the World War II Battle of the Bulge in Spa, Belgium.

Visiting a military cemetery in Normandy. Lighting up a cigar with a match struck on the Rock of Gibraltar.

Going on a wine-tasting tour through Bordeaux and Burgundy. Fishing in the Rhine and hoping to catch a siren.

Sitting on a rock with the little mermaid of Copenhagen. Sailing the mystic waters of Norway.

Searching for a parakeet in the Canary Islands. Double-checking a hotel bill in Czechoslovakia.

Throwing a snowball in Moscow's Red Square. Drinking retsina wine in an outdoor cafe in Athens.

Dunking bread in a lasagna sauce in Rome. Shaking paws with the Sphinx

outside Cairo. Playing peekaboo in a harem in Turkey.

Hanging my hat on the horn of a rhinoceros in Africa. Looking for Charles Boyer in a casbah in Morocco.

Eating a Bombay duck in Calcutta. Standing a monk in Mongolia to a treat.

Watching children play at dusk outside a pagoda in Rangoon. Flying over Vietnam—flying way up high over Vietnam.

Taking my first peek at Peking. Climbing Mt. Fuji in Japan.

Selling a pair of men's shorts to a native of New Guinea. Holding the hand of a girl carrying a red clay jar on her head up a hill in Bali.

Having one hell of a fine fling anywhere in Australia. But isn't it funny? In all those far-off places, and hundreds more, someone right now is daydreaming about how much fun it would be to come here, walk down seedy Broadway, eat a hot dog, and maybe even visit Grant's Tomb!

Says GOP Will Have Candidate

JONESBORO, Ark. (AP) — Charles T. Bernard of Ealre, chairman of the state Republican party, said here Wednesday the GOP definitely would have a candidate for governor next year and that he thought 1972 would be a good year for the Republican party in Arkansas.

Bernard earlier this year had created a furor by saying the GOP probably would not have a candidate for governor next year if it appeared Gov. Dale Bumpers appeared unbeatable. Bernard was in Jonesboro to speak to the Kiwanis Club.

YOUTH BEAT

The National Report on What's Happening

Arizona Goes for Mike

By ERNESTINE GUGLIELMO

QUEEN FOR A DAY—Whatever happened to the days when college homecoming queen was the biggest event on campus? Many schools have abandoned the tradition. Some schools still run the contests, but somehow they've lost the glamor and importance.

"Queen" Mike Prost

The University of Arizona continues to crown the homecoming queen. This year, however, it wasn't the ordinary female lovelies who took part. Michael C. Prost, 25, was also vying for the coveted title. And, behold, he easily beat out five female candidates for homecoming queen at the University. There was no comment about whether Michael would continue his beauty contest career, but when mention of the Miss America contest was made, a sly smile lit up Mike's face.

MUSICAL NOTES—After their three-year split, the Mammas and Papas are recording a new LP in L.A. They're

being very evasive in telling about their new sound. So it looks like we'll have to wait to hear the new Mammas and Papas.

The Okanogan, Wash., high school paper, the Groul, chose as the two best singers of the year, Rod Stewart of Faces and Neil Young of CSN&Y. An excellent choice.

SINGING IN THE TOMBS—Three nights of entertainment at the Manhattan House of Detention were praised as uplifting to the inmates. In the wake of prison violence and penal reforms, entertainment has become an important outlet for prisoners when conditions in the prisons are less than perfect. The Voices of East Harlem and folk songs by Odette topped the bill which was produced by Care for Prisoners, Inc., a group of entertainers who bring their talents to many different prisons. At the Tombs, which suffers problem of overcrowding, Warden Albert Glick stated that such entertainment eased tensions.

NEW YOUTH VOTE—Voting by 18-20-year-olds varied with the communities. But in New York State voting was pretty tight. Many young people voted cynicism at candidates being endorsed by both the Republican and Democratic parties. Others claimed that the issues were relatively unimportant. Many others claimed complete apathy but said next year's presidential election would be different.

The apathy wasn't shared by all young people. Some even did more than vote. They were elected to office. Jon Crews, a 25-year-old graduate of the University of Northern Iowa, was elected mayor of Cedar Falls, Iowa. Crews defeated a veteran politician, city councilman and Mayor Frank Williams. Another victory for the young politician was in Port Jervis, N.Y., where Margaret Musser, an 18-year-old Brown University freshman, was elected to Port Jervis School Committee. So the new youth vote was felt during their first election.

Girl Rescued From "Women's Revenge Group"

LONDONDERRY, Northern Ireland (AP) — The Irish Republican Army rescued a girl today from a gang of hooded women who were going to shear her head and tar it for fraternizing with British soldiers.

She would have been the fourth victim this week of the Women's Revenge Group, a masked band operating in the Bogside and other Roman Catholic sections of Londonderry, Northern Ireland's second largest city.

The girl's name was not disclosed. A group of hooded women took her from her home and bundled her into a car, but an IRA squad took her away from them and brought her back home.

The Catholic guerrilla army battling to reunite Northern Ireland with the Irish Republic denied earlier that it was responsible for the treatment of the three girls whose heads were clipped and tarred before street mobs earlier this week.

One of the trio, 19-year-old Marta Doherty, was to be married today to Pvt. John Larter, the British soldier for whom she was humiliated. She was in hiding, and there were reports

Gets His First Deer

—Hope (Ark.) Star photo

A very proud young man appeared at the Hope Star Wednesday with a fine 8 point buck weighing about 150 pounds.

The unusual part was his age, David Allen Sisson, 12, killed his first deer in the Proving Ground area. He is the son of Mr. and Mrs. Harley Sisson of Hope.

that the wedding might be held secretly in the army's Ebrington Barracks.

The Women's Revenge Group threatened Thursday night to shear and tar 30 more "soldiers' dolls." A male spokesman for the group charged that the troops were plying the girls with liquor and extracting in-

formation from them.

In Belfast, hundreds of British soldiers blackened their faces Thursday night for protection against snipers and searched homes and apartments. They arrested 23 suspected terrorists for questioning and seized a quantity of arms and ammunition.

Castro Like Walking News Conference

By WILLIAM F. NICHOLSON
Associated Press Writer

SANTIAGO, Chile (AP) — Fidel Castro is a perpetual walking news conference on his visit to Chile, holding impromptu sessions whenever the mood strikes him.

Leaving President Salvador Allende's palace on Thursday, the 45-year-old Cuban prime minister and television photographers and charged over.

"You, there, who do you work for?" Castro demanded of a foreign newsman. "Oh, yes, I talked with you earlier today. And you, too, and you and you."

A lively dialogue sprang up and grew heated at times. Castro's bodyguards crowded nervously around their boss, who had replaced his habitual fatigues with an olive-drab uniform, white shirt, black tie and cap.

An Argentine newsman needed Castro for not visiting another Latin-American nation in more than 10 years.

"It's not my fault," Castro replied. "You tell me. Who's at fault? Tell me, if you can!"

The reporter was silent. "You're a right-winger," Castro added, half-serious, half-joking as his voice rose. "Yes, right-wingers. Poor things."

In another off-the-cuff session in the garden of the Cuban Embassy, he said Cuba will never rejoin the Organization of American States even if all Latin-American countries want it back.

"We will not return in any manner," he declared.

Cuba was ousted from the OAS in 1962 for aiding revolutionary movements in other Latin-American countries.

Castro also said U.S. influence "has suffered a complete deterioration in Latin America."

U.S. Ambassador Nathaniel Davis was noticeably absent when Castro arrived Wednes-

day in his sleek Soviet-made jetliner. Nor was Davis present Thursday at the Cuban Embassy reception for diplomats.

"The ambassador didn't have any problem trying to decide whether he should go or not," said a U.S. Embassy spokesman, "because he wasn't invited to either occasion."

The United States and Cuba don't maintain diplomatic relations.

Says Federal Spending Must be Decreased

HOT SPRINGS, Ark. (AP) — Rep. Wilbur D. Mills, D-Ark., said here Thursday night the United States may face economic chaos in the near future if government spending is not decreased to a level consistent to the amount of revenue.

Mills, speaking to a meeting of the Arkansas Federal Tax Institute, said all unnecessary expenditures should be curtailed and priorities should be placed on items such as welfare, urban renewal, environmental control and housing.

"It's time the United States stopped playing Santa Claus to its own people and the people of the world," Mills said. "We've got to level off the rate of inflation."

He said the nation faced two alternatives: increase taxes or keep spending under control.

In 1960, Corvair, Falcon and Valiant were introduced.

1972: Now there's only one.

PLYMOUTH

Valiant.

In 1960, Chrysler, Ford and GM entered the compact field. Many Americans wanted smaller cars. For their low price. Economy. Ease of driving and parking. For several years, Corvair, Falcon and Valiant met these needs and did quite nicely, thank you.

Survival of the fittest.

Over the years, however, something happened. Buyers became disenchanted. Corvair eventually closed up shop in the late '60's. Falcon soon followed suit. One car didn't. Of the three, it's the only one left. Plymouth Valiant. We think that says a lot about the kind of cars we sell.

Trial and not much error.

Today's Valiant still has the values that make a good car a great car: torsion-bar suspension, 3-speed TorqueFlite automatic transmission as an option, unibody construction. And every Valiant is treated by a

become one of America's hottest selling economy cars and a leader in its class in resale value.

There's a lot that's Valiant in all our cars.

For example, 9 out of 10 new Chryslers registered in the last 10 years are still on the road. It simply proves what most people already know. When it comes to building a car right, Chrysler-Plymouth lives up to its reputation for great engineering.

We think this is the kind of car America wants—a car built to last. For the kind of car you want, see us. We're determined to be the kind of dealer you want, too.

Free Automatic Transmission

Special Offer! Buy a Valiant the way you'd want it equipped—with power steering, radio, white sidewalls, deluxe wheel covers and other specified options—and we'll throw in the automatic transmission at no extra charge.

Coming through with the kind of car America wants.
